

# WEB DEVELOPER

**First Net Impressions is seeking a talented programmer to join our team.** Our ideal candidate will be able to convert original visual design concepts flawlessly into front-end HTML code. Will possess jaw-dropping knowledge of HTML, CSS and JavaScript, and is fully conversant on browser compatibility, web development issues and strategies, and able to manage multiple projects at a time.

We work in a hive environment with few walls and no cubicles, allowing for the free exchange of ideas. You'll feel like you're a part of something great because you have such a respect for the caliber of people you get to work with everyday. You will be constantly challenged to learn and grow. You must have the internal drive to do it right or better. We are all proud to be a part of this team, and we consider it a privilege to work here. We continually looking to hire energetic, motivated, and talented individuals.

## POSITION REQUIREMENTS

- Proficient in HTML, CSS, and JavaScript
- Experience with PHP and Javascript
- Familiarity with MySQL

## PERSONALITY REQUIREMENTS

- Positive, outgoing attitude and a willingness to dig in and figure things out on your own
- Ability to effectively communicate with co-workers, clients, and vendors
- Ability to work within time constraints to stay within client budgets
- Highly organized to manage details on multiple projects in a fast-paced environment

## POSITIONS AVAILABLE

**We are currently hiring for both a part-time and full-time web developer.** The full-time position is a salaried position eligible for paid vacation, paid holidays, medical/dental/vision insurance, and matched retirement contributions.
